Group Activity Application

1.) As a user, I want the ability to make a unique profile.

2.) As a user, I want the ability to create a friend group.

3.) As a user, I want the ability to invite my friends to a friend group via email.

4.) As a user, I want the ability to make a post which can be seen by all other members of the group (group message/thread).

5.) As a user, I want the ability to search for different activities within the group message/thread.

6.) As a user, I want the ability to share different events/activities to the group message/thread.

7.) As a user, I want the ability to schedule an event in the group message.

8.) As a user, I want the ability to RSVP to an event.

9.) As a user, I want the ability to see who else has RSVP'd to an event.

10.) As a user, I want the ability to export an event to my calendar.
